

LETTER OF CERTIFICATION

Date:

Project Site:

Masonry Contractor:

General Contractor:

Architect:

Texas Building Products, Inc., hereby certifies that all Concrete Masonry Units (CMU) supplied for the referenced project fully comply with one or more of the following ASTM or Federal designations:

ASTM C-90-16a (Loadbearing CMU)

Products: Lightweight, Normal Weight, Medium Weight, Solid, Split face, Burnished, Polished.

ASTM C129-17 (Nonloadbearing CMU)

Products: Lightweight, Normal Weight, Medium Weight, Solid, Split face, Burnished, Polished.

ASTM E514 / E514M – 14a

Products: RainBloc (not in standard gray CMU unless requested)

Lightweight CMU and Medium Weight CMU are made from a combination of expanded shale aggregates that have been tested and comply with **ASTM C331 / C331M-17** and from crushed limestone aggregates that comply with **ASTM C33 / C33M-18**. Normal Weight CMU are made from crushed limestone aggregates that comply with **ASTM C33 / C33M-18**. Split face, Solid CMU, Burnished, and Polished comply with **ASTM C33 / C33M-18, ASTM C331 / C331M-17, or both.**

Sincerely,

Texas Building Products, Inc.
